Turkey Order Form

Ridgeviw Farm, "Home of the Happy Chicken", raises and promotes fresh healthy chickens and turkeys that provide an excellent meal choice for you and your family. At Ridge View Farms, poultry is raised in a humane, stress free environment. They have a constant supply of fresh water and enjoy the freedom of being outside in the sunshine and eating up nature's offerings. There is a steady supply of fresh feed which is formulated and mixed at the farm. Because Ridgeview uses organic certified vitamins and minerals, and no animal by-products, antibiotics or other non-natural feed additives, Ridge View Farms is able to provide tender, tastier, healthy chicken and turkeys.

Chiricahua Meats: Each spring Josh at Chiricahua Meats brings in about 500 turkey chicks to be raised for the Thanksgiving and Christmas holidays. The birds have plenty of room to range free and forage. Being mono stomach animals, poultry need to be fed more than grass. Josh makes all his own feed to protect its quality so that he is sure that it is clean, non GMO and without additives. The feed is available to the poultry at all times. Go to <http://cprmeats.com/> to learn more about Chiricahua Meats and their practices.

This year's turkeys will be in the 14-25 lbs. range, we cannot guarantee a weight but we will do our best to get close to your request. The price is \$5.20 per pound. We will let you know when the turkeys will be available to pick up.

Please fill out the requested information below and pay a deposit of \$20.00 per turkey.
Drop off or go on line to reserve your turkey. Make checks payable to Flagstaff CSA.
